12 DAY TOUR: JULY 7–18, 2023

# Creating a Sustainable Future

Our world is constantly changing, along with our priorities, our plans, and our future. When it comes to building a sustainable future, what we do today matters. The first step? Defining what sustainable living means for you—whether it's promoting peace and justice, protecting education and the environment, or preserving language and culture. Our 2023 Global Leadership Summit will explore the importance of *Creating a Sustainable Future* and the power we have to create long-term change through our daily actions. Sound big? It is. But together, our impact is bigger.
